### Shocking cult horror

*Hater* by David Moody (Gollancz, \$29.99, out now).

By the end of today, you could be a killer.

By the end of today, you could be dead.

Society is rocked by a sudden increase in the number of violent assaults on individuals.

Christened 'Haters' by the media, the attackers strike without warning; their attacks are brutal, remorseless and ex-

treme.

There are no links between the Haters and their victims.

In seconds, rational, controlled people become vicious killers.

Everyone, irrespective of age, gender, race or religion has the potential to become a victim of *Hater*.

*Hater's* nihilistic vision will grip you with its grim outlook from the first page.
